INTRODUCTION

The purpose of this document is to clearly outline the process and criteria for Colours Ball nominations. This document will be reviewed annually to ensure that all criteria are fair and up to date. This has been co-written by the Students' Union and Active Lifestyle & Sport team to recognise individuals and sports clubs for their contribution to both College and SU.

Colours Ball is a major part of the sporting calendar and is there to recognise the commitment and excellence of Royal Holloway students to Student Opportunities and Royal Holloway Sport both on and off the field of play.

Awards will be presented at the annual dinner held in March 2020 to those who have participated in the sporting activities of the preceding summer season and the current winter season.

NOMINATIONS PROCESS

- Committees are responsible for nominating their groups for group awards. Groups can nominate themselves for as many awards as they feel necessary.
- Clubs will be required to hold a Committee Meeting to nominate members for sports awards.
- All nominees will need a nomination form completed by the Club Committee.
- If there is an overwhelming amount of nominations Committee members can discuss who best meets the criteria and then vote for who should be put forward.
- Duplicate/additional nominations from the same club will not be considered. All approved nominations will then be forwarded to the selection committee for the final decision.
- Only registered students of the College will be eligible for nomination.
- **A player must have participated in 80% competitive BUCS** (or equivalent) fixture/competitions as a member of a College team. The Award of major trophies outside of BUCS competitions will be a factor taken into account when nominations are being considered.
- A player must fulfil the criteria specific to their sport. In special cases where the criteria is not met, it is up to the committees to make it clear to the selection Committee why the nominee should still be considered. If the club has a registered coach, they must also add notes to the nomination.
- It will be assumed that a student who has played only for a University Of London team during a particular season will be considered for suitable recognition by the University and therefore will not be considered for College awards.
- Students who are only studying at the College for one academic year, due to their course length will still be eligible for both Full & Half Colours. Although, they must provide a letter from their department proving this.
- In addition, to the core criteria set above, each team in agreement with the selection committee, have set their additional and sport specific criteria for competitors to be eligible for Full/Half Colours. This is to ensure that all sports are represented fairly.

EXTRAORDINARY NOMINATION

The panel cannot submit nominations prior to the selection meeting, with the exception of the SOC representative who may submit nominations as part of their involvement with their student group(s).

However, in the case where a panel member identifies a group/individual who has not been nominated, but whose actions are worthy of nomination, they may make a case for that group/individual to be considered alongside other nominations. The remaining members of the panel must deliberate and vote on whether to accept the nomination. If all panel members are in agreement then the nomination will be included for consideration.

Similarly, the panel may decide, by unanimous vote, to move a nomination into a separate category if they consider the nomination to be more applicable to an award other than the one that the nomination was originally submitted for.

SELECTION PROCESS

All nominations will be decided by a panel comprising of:

- Active Lifestyle & Sport Representative
- Vice President Sport
- Student Opportunities Manager
- Sports Clubs Coordinator
- Societies, Sports and Opportunities Executive Representative

For the following awards a further representative will join the panel:

- Skills and Employability Shield; representative from Careers
- Campus Community shield; representative from Royal Holloway Volunteering
- Sophie Christiansen Inclusion and Accessibility Award; Vice President Welfare and Diversity

Any group is eligible to nominate themselves for awards but newly ratified groups should bear in mind that we usually require a full year of activity in order to compare to other groups' nominations unless there are exceptional circumstances that deserve rewarding. For all group awards it is useful to include supportive data in the form of figures where possible and relevant.

Groups should note that it is not necessary to have achieved across every area of the criteria in order to nominate themselves or indeed to win an award. This is your chance to brag about what you've done during the year so don't sell yourselves short by not nominating your group for certain awards, you may have achieved more than you think.

Individuals who are nominated for individual awards must be current students of Royal Holloway or an associate member of RHSU as well as meeting the specific criteria of the awards. All nominations will be application based via our website.
