

**Royal Holloway Students' Union
Department Rep Briefing**

Department: Electronic Engineering

For the Academic year: 2026-27

Date Prepared: July 2026

Created By: Aleksandra Babeshko, Student Research Assistant

Background

Department briefings are prepared annually, collating the data from the Staff-Student Action Meeting (SSAM) and the outcomes of the National Student Survey (NSS). The briefing aims to give an understanding of the student opinions of the activities within the department.

Commentary

The following data is a summary of some of the key themes discussed in the 'Negative' and 'Positive' student responses to the NSS survey open-text question, 'Looking back on your experience, are there any particularly positive or negative aspects you would like to highlight?' Comments have been cross-referenced with minutes from the SSAMs which ran during the same academic year. Any topic solely discussed during SSAMs and not in the NSS have been clearly identified in the table as (SSAM).

Key Themes	Commentary	
	Things working well	Areas for improvement
Community	• Opportunities to make friends • Peer support • A lot of group projects	• Lacking extracurricular activities support from Student's Union
Facilities	• Labs accessible at any time • Good equipment variety available	• Outdated software • Issues with printing access in the library (SSAMs)
Teaching	• Lecturers are good at explaining the content • Lectures are engaging and intellectually stimulating • Good balance between learning theory and applying the knowledge	• Better link between different modules • Online lectures are difficult to engage with • Teaching feels rushed • Signal Processing module feels unstructured and difficult to understand • Request for specific modules to be taught in-person as well as online (SSAMs) • Concerns over long days with consecutive teaching hours (SSAMs) • Issues with navigating software, students would like more guidance (SSAMs)
Assessment	• Good variety of assessment formats	• Inconsistent marking

	Formative quizzes help in preparation to assessments	Group projects have high impact on grades
Communication	Staff is very approachable	- Student feedback is not acted upon - Requests for placement information to be released in Term 1 instead of Term 2 (SSAMs)
Support	- Great support with education and career-related queries - Project support from lecturers and technical staff - IT support	

NSS

The National Student Survey (NSS) is a nation-wide survey of all final year undergraduate students studying at institutions across the UK and is managed by the Office for Students (OfS). The survey has run on annual basis since 2005. In 2020 the OfS undertook a significant review of the survey questions with an aim to refresh the NSS with questions that are more direct using positivity measure with a four-point scale to gain more accurate insight into the undergraduate student experience at UK universities.

The NSS 2025 questionnaire had 25 core questions which were grouped into six categories, or scale questions around themes like teaching, resources, academic support and there is a specific question about Students' Unions which is a part of the Student Voice category. Each of the six scale questions are composed of multiple questions which explore various elements of this theme in more detail. There were two additional questions included around mental health and freedom of speech, of which the second was offered only to students in England, and Royal Holloway included these questions in 2024.

Below is a table of the scores the Department received following the 2026 NSS. This can help you inform areas that may working on and monitoring. This data can also inform the comments provided above. The term 'positivity measure' means the proportion of respondents who gave a positive answer.
